About EarFun

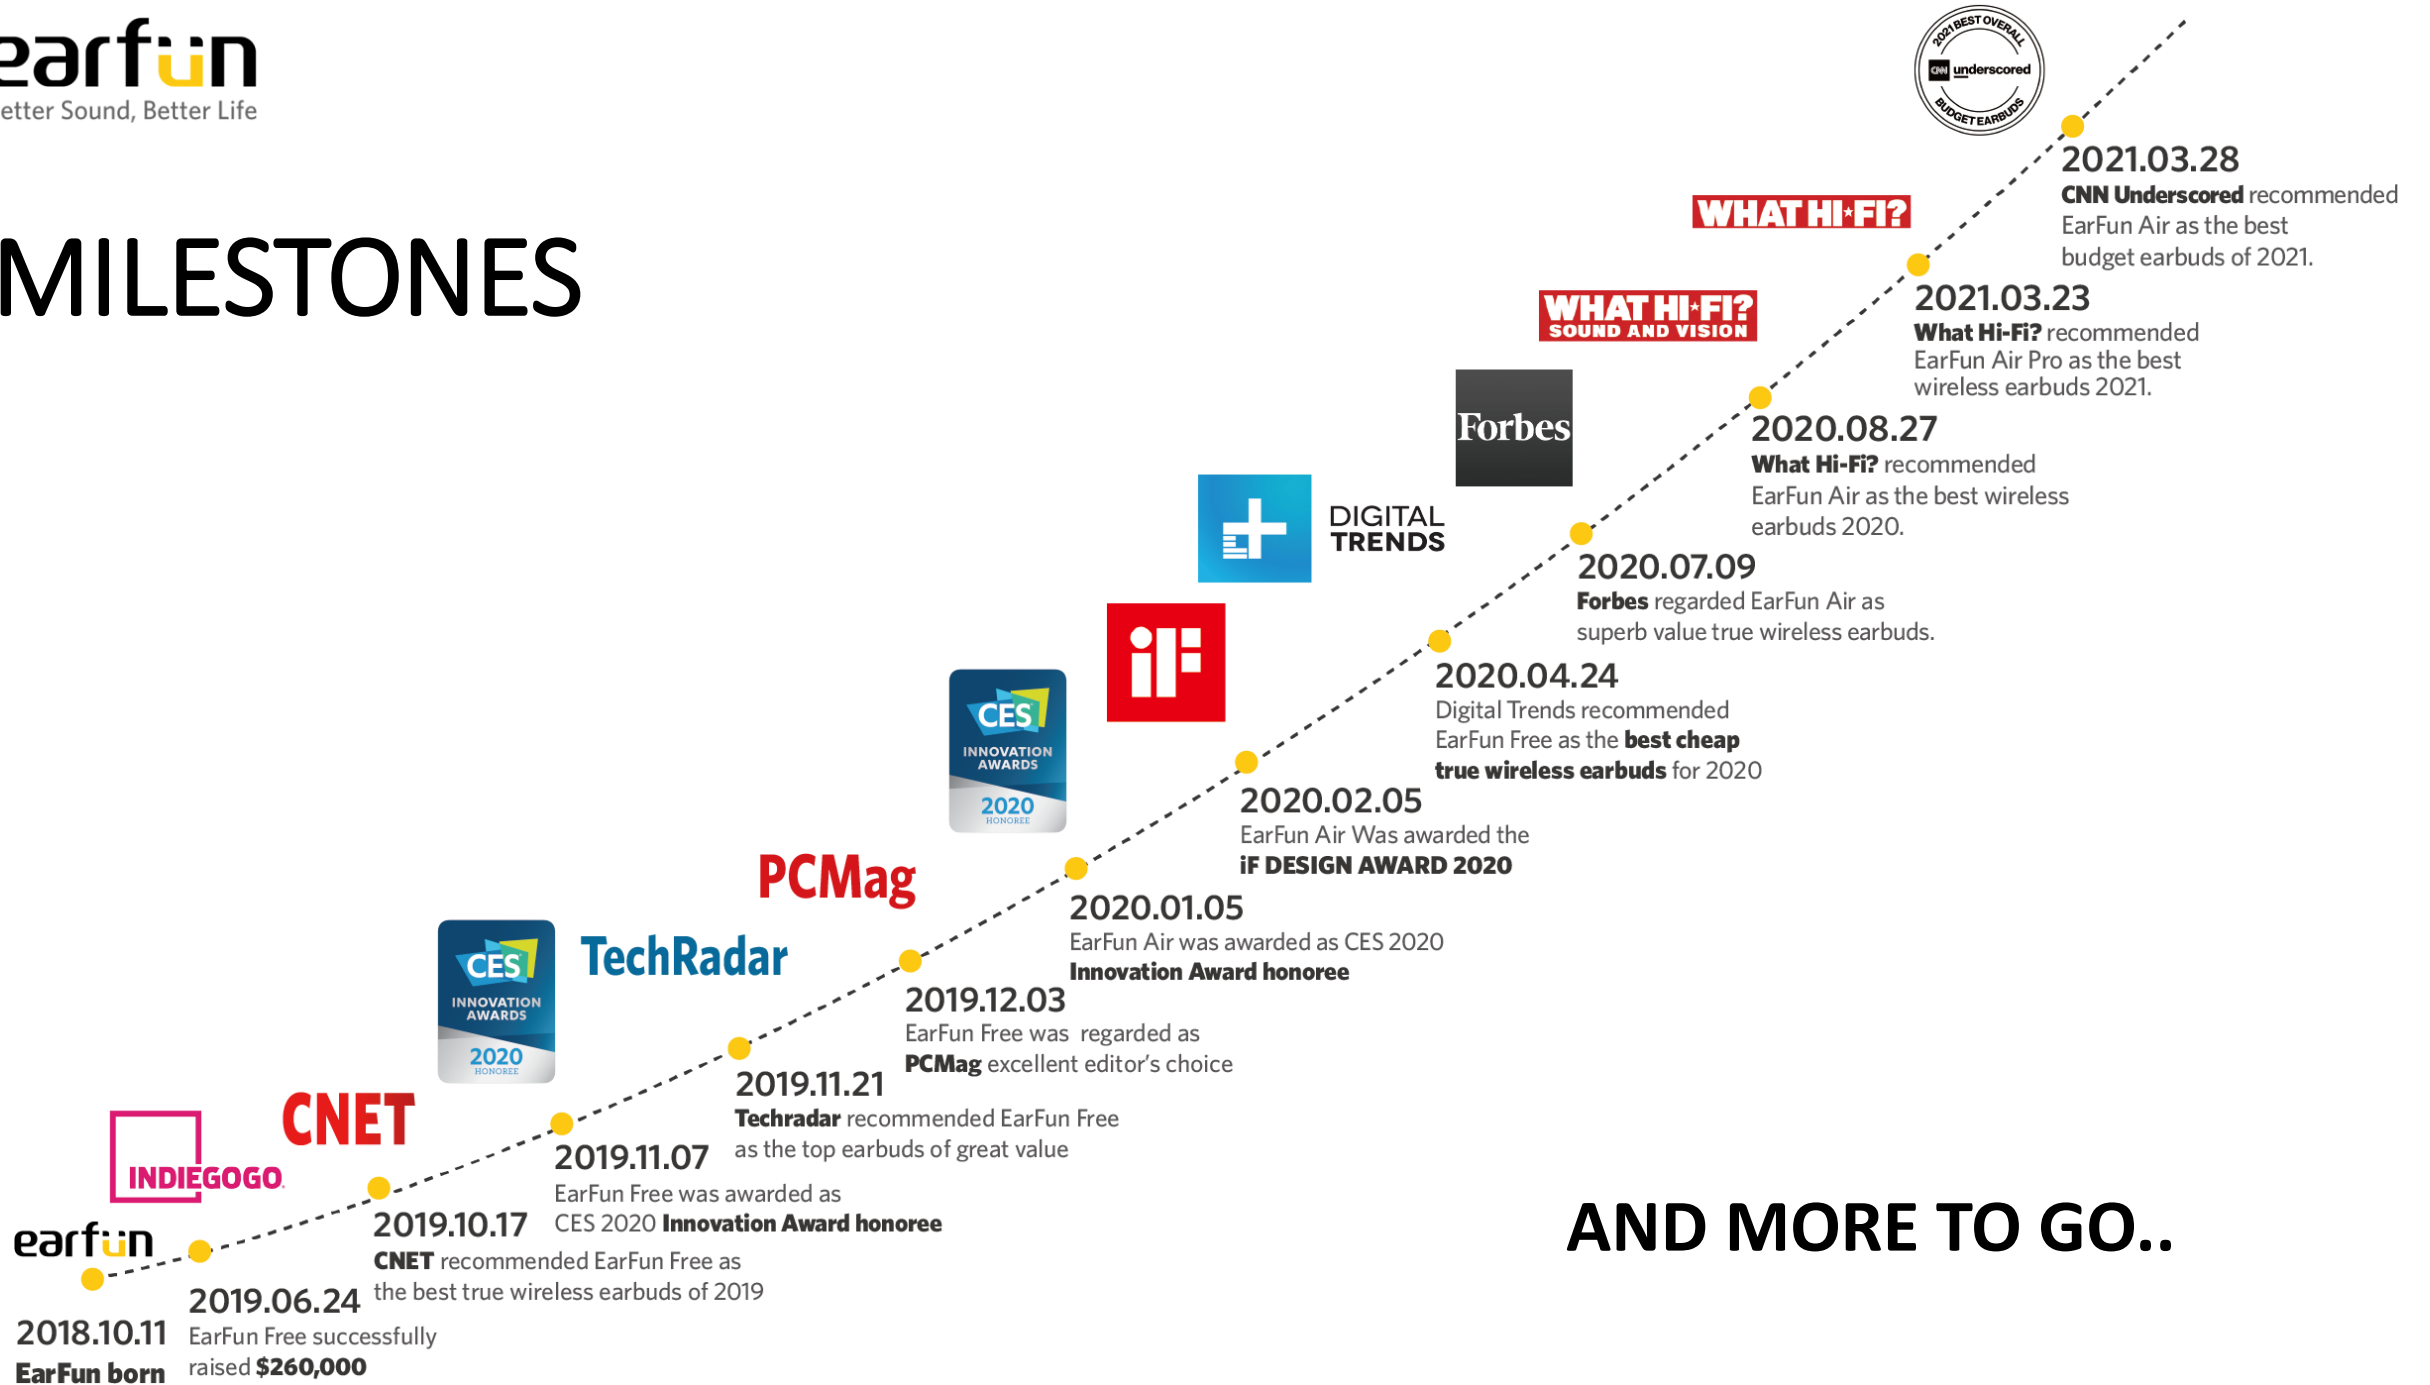

EarFun was established in 2018 by an experienced group of industrial designers, acoustic engineers and music enthusiasts who shared the goal of creating next-generation wireless audio devices. The EarFun team is driven by a passion for music and a commitment to delivering solutions that use the latest technology to improve sound for audio products.

Mission & Vision

To bring our vision for creating superior wireless audio products to reality, our team has dedicated countless time to every aspect of the product from design to delivery to ensure a great end to end experience for every customer. EarFun believes that technology can enhance modern lifestyles and seamlessly fit within the fabric of our lives, herein embedded in our slogan “Better Sound, Better Life”.
